New learning features provide opportunities for readers to apply concepts and refine personal business skills and insights.Sample questions asked in the 12th edition of Organization Theory and Design:The population-ecology perspective argues that it is healthy for society to have new organizations emerging and old organizations dying as the environment changes. Do you agree? Why would European countries pass laws to sustain traditional organizations and inhibit the emergence of new ones?Do you think factory employees would typically be more resistant to changes in production methods, changes in structure, or changes in culture? Why? What steps could managers take to overcome this resistance?Which of the interviewees seemed more satisfied in their work? Do you think satisfaction is related to their scores on formalization, centralization, and technology? Explain.Why is values-based leadership so important to the influence of culture? Does a symbolic act communicate more about company values than an explicit statement? Discuss.
